

VALE CHAMBER OF COMMERCE

## June Spotlight of the Month

Manager - Ed McNair, Outside Sales – Jim Tsarnas, Lead Counter Sales – Chris Reinwald

### National Automotive Parts Association aka NAPA Auto Parts

In 1928 the National Automotive Parts Association was founded to meet America's growing need for an effective auto parts distribution system. NAPA has been the industry leader ever since and an invaluable partner in the flow of parts from manufacturers to NAPA AUTO PARTS Stores. Today, NAPA AUTO PARTS is an automotive aftermarket supplier with unrivaled strengths. In fact, more wholesale customers use NAPA parts than any other auto parts supplier- and 94% of do-it-yourself customers recognize the NAPA brand name. In 1958, the Jerome location, owned by Bob Dyson, began operation. To this day there are 17 locations, as far East as West Yellowstone, Montana and as far West in Vale, Oregon.

The Vale store was purchased in October 2003 by the Dyson group of NAPA stores. There are 3 fulltime, friendly staff, eager and waiting to serve all your parts needs. Ed McNair, Manager, has worked for the company for 4 years, while Lead Counter Sales, Chris Reinwald, brings 9 years experience. The third employee, in charge of Outside Sales, Jim Tsarnas, brings 3 years to the company.

Congratulations for being selected as June's Business Spotlight of the Month!
